

PSHE/Computing Dimensions E-Safety Overview Year 6

Safe Zone Skills Progression (Education for a Connected World skills)

Self-Image and Identity	Online Relationships	Online Reputation	Online Bullying	Managing Online Information	Health, Well-being and Lifestyle	Privacy and Security	Copyright and Ownership
<p>I can identify and critically evaluate online content relating to gender, race, religion, disability, culture and other groups, and explain why it is important to challenge and reject inappropriate representations online.</p> <p>I can describe issues online that could make anyone feel sad, worried, uncomfortable, or frightened. I know and can give examples of how to get help, both on and offline.</p> <p>I can explain the importance of asking until I get the help needed.</p>	<p>I can explain how sharing something online may have an impact either positively or negatively.</p> <p>I can describe how to be kind and show respect for others online including the importance of respecting boundaries regarding what is shared about them online and how to support them if others do not.</p> <p>I can describe how things shared privately online can have unintended consequences for others. e.g. screen-grabs.</p> <p>I can explain that taking or sharing inappropriate images of someone (e.g. embarrassing images), even if they say it is okay, may have an impact for the sharer and others; and who</p>	<p>I can explain the ways in which anyone can develop a positive online reputation.</p> <p>I can explain strategies anyone can use to protect their 'digital personality' and online reputation, including degrees of anonymity.</p>	<p>I can describe how to capture bullying content as evidence (e.g. screen-grab, URL, profile) to share with others who can help me.</p> <p>I can explain how someone would report online bullying in different contexts.</p>	<p>I can explain how search engines work and how results are selected and ranked.</p> <p>I can explain how to use search technologies effectively.</p> <p>I can describe how some online information can be opinion and can offer examples.</p> <p>I can explain how and why some people may present 'opinions' as 'facts'; why the popularity of an opinion or the personalities of those promoting it does not necessarily make it true, fair or perhaps even legal.</p> <p>I can define the terms 'influence', 'manipulation' and 'persuasion' and explain how someone might encounter these online (e.g. advertising and 'ad targeting' and targeting for fake news).</p>	<p>I can describe common systems that regulate age-related content (e.g. PEGI, BBFC, parental warnings) and describe their purpose.</p> <p>I recognise and can discuss the pressures that technology can place on someone and how / when they could manage this.</p> <p>I can recognise features of persuasive design and how they are used to keep users engaged (current and future use).</p> <p>I can assess and action different strategies to limit the impact of technology on health (e.g. night-shift mode, regular breaks, correct posture, sleep, diet and exercise).</p>	<p>I can describe effective ways people can manage passwords (e.g. storing them securely or saving them in the browser).</p> <p>I can explain what to do if a password is shared, lost or stolen.</p> <p>I can describe how and why people should keep their software and apps up to date, e.g. auto updates.</p> <p>I can describe simple ways to increase privacy on apps and services that provide privacy settings.</p> <p>I can describe ways in which some online content targets people to gain money or information illegally; I can describe strategies to help me identify such content (e.g. scams, phishing).</p> <p>I know that online services have terms</p>	<p>I can demonstrate the use of search tools to find and access online content which can be reused by others.</p> <p>I can demonstrate how to make references to and acknowledge sources I have used from the internet.</p>

Love God, Love One Another.

	can help if someone is worried about this.			<p>I understand the concept of persuasive design and how it can be used to influence people's choices. I can demonstrate how to analyse and evaluate the validity of 'facts' and information and I can explain why using these strategies are important.</p> <p>I can explain how companies and news providers target people with online news stories they are more likely to engage with and how to recognise this.</p> <p>I can describe the difference between online misinformation and dis-information. I can explain why information that is on a large number of sites may still be inaccurate or untrue. I can assess how this might happen (e.g. the sharing of misinformation or disinformation).</p> <p>I can identify, flag and report inappropriate content.</p>		and conditions that govern their use.

Lesson 1		
Lesson 1 – Online Reputation & Managing Online Information		Key Vocabulary
Mission: To ensure your digital identity is protected and spot when something online might not be as it seems In this lesson, pupils will develop their knowledge of digital personality and why it is important to develop a positive one. They will look at how they can maintain a degree of anonymity online. Pupils will learn how to take practical steps to identify spam and how to identify, flag, report and block anything they deem suspicious, inappropriate or harmful. Pupils will assess their knowledge of Digital Citizenship via the Google Be Internet Legends game ‘Interland’.	digital personality anonymity anonymous phishing, scam spam cyber-criminal unsafe well-being	flag report block grooming harmful inappropriate identify URL secure
Lesson 2		
Online Relationships & Online Bullying		Key Vocabulary
Mission: To debate whether the sharing of certain content online is okay In this lesson, pupils will explore different scenarios concerning sharing of content online and how they would deal with this. They will discuss and debate with each other, considering the consequences of certain decisions, actions, and reactions that they or others may make. They will look at how to protect their future by making intelligent informed decisions while communicating online.	debate decisions actions reactions	Consequences communication historical future sharing
Lesson 3		
Self-Image and Identity		Key Vocabulary
Mission: To understand and challenge stereotypes online In this lesson, pupils will learn what stereotypes are. They will learn about and discuss common stereotypes they may come across online. Pupils will be tasked with challenging their own stereotypes and they will investigate instances where people have broken down stereotypes. They will take part in a quiz that will help pupils recognise how gender stereotyping can impact them in their online spaces and encourage them to respect and celebrate differences.	stereotype belief gender race disability	challenge rights difficulties inspiration

Lesson 4

Lesson 4 – Health, Well-Being and Lifestyle & Managing Online Information

Mission:

To understand the challenges we face while using technology and identify strategies to stay healthy

In this lesson, pupils will delve deeper into the challenges we face whilst using technology, for example, persuasive design features and disinformation. They will understand that it is up to the user to make more informed choices about their behaviour and take control of their health and well-being. Pupils will create a list of advice for others on how to stay safe and healthy, whilst still being able to regularly access technology.

Key Vocabulary

Manipulation persuasion engagement inappropriate misinformation	disinformation PEGI restrictions notifications addiction
---	--

Lesson 5 & 6

Privacy and Security & Copyright and Ownership

Mission:

To understand good practice in terms of privacy and security and pass this on to others

Over the course of these final two lessons, pupils will develop their knowledge of privacy and security, looking at security updates, privacy settings, phishing scams, and cyber-attacks, etc. A pupil-led activity will follow where children should demonstrate their knowledge of privacy and security, and copyright and ownership, by guiding others.

Key Vocabulary

Passwords cyber-attack updates settings security	permissions consent protect guide help advice
