

Dear Parents and Carers,

We are nearly at the end of January and let us hope at the end of the wild and unpredictable weather also.

We continue our work leading up to Safer Internet Day and Children's Mental Health week. The children have been working on mutual respect this week, anti-bullying and social media use. They have also been very shocked as to the **age ratings** for all of the apps and websites that were mentioned in my assembly. Please discuss this with them and ensure that they have all the necessary restrictions etc.

This information below is from the Local Authority and links in very well with the work that the children are engaged in at school at the moment. **I urge all parents to access the webinars so that they can fully understand what is going on when your child is online and to support the school in our endeavours to keep your children safe.**

***This series of webinars is to raise awareness of online risks and to support you to keep your children safe online.***

Monday 4<sup>th</sup> March – Primary Parents, 6.00-7.00pm [Webinar Registration - Zoom](#)

Thursday 7<sup>th</sup> March – Secondary Parents, 6.00-7.00 [Webinar Registration - Zoom](#)

Monday 17<sup>th</sup> June – Primary Parents, 6.00-7.00pm [Webinar Registration - Zoom](#)

Thursday 20<sup>th</sup> June – Secondary Parents, 6.00-7.00 [Webinar Registration - Zoom](#)

You can also access free advice using this link [Home \(Landing page\) - MSP - Hub \(onlinesafetyhub.uk\)](#). For a small cost you can sign up to a Qustodia account to set up parental controls on devices.

**Y2 and Y5** will be going on trips to the Airport and Jodrell Bank next week. I am sure that they will all have a fantastic time.

Attendance this week is 92.21%. I know that, once again, there have been lots of coughs/colds and bugs so hopefully the weekend will help them to go away.

With prayers,

**Sarah Yates**  
Headteacher
